Mr. Bob Jones, Principal  
Crestview High School  
1250 N. Ferdon Boulevard  
Crestview, FL 32536

Dear Mr. Jones,

Please convey my best wishes and admiration to the SWAT (Students Working Against Tobacco) for the fine presentation made to the Crestview City Council recently. The resolution requested by Brittany Wollums and Ashley Simmons, as proposed by the Okaloosa County Health Department urging local businesses to not sell or make available flavored cigarettes to area youths, was passed with a unanimous vote of the council.

Ms. Wollums and Ms. Simmons were fine representatives for the tobacco issue and of Crestview High School. It is gratifying to see our students become advocates for worthwhile causes and utilize the opportunities available to them through local government. Please let Brittany and Ashley know that I am very proud of them and have heard similar sentiments from other elected officials.

Sincerely,

David Cadle  
Mayor
